HIV Clinic Note

Applies to: Pilot Users

We have introduced the *HIV Clinic Note* to capture clinical relevant information electronically and improve communication:

The screenshot shows the 'HIV Clinic note' form. At the top, it displays patient information: **TEST, Beryl (Ms)**, Born **17-Oct-1990 (26y)**, Gender **Female**, NHS No. **999**. Below this, it shows Address **LS1**, Phone **0113**, and PAS No. A message states: 'Only members of the team should update this form'. The form has two columns: 'Author' and 'Comment'. The 'Author' column shows 'robinsst' and '03-Aug-2017, 11:39:00'. The 'Comment' column contains a rich text editor with a toolbar (Bold, Italic, Underline, Strikethrough, Bulleted List) and the text 'HIV Clinic Note' followed by a bulleted list:

- **Bold**
- *Italics*
- Underline
- ~~Strikethrough~~

. At the bottom, there are 'Cancel', 'Unsaved changes', and 'Submit' buttons.

Remember, you can add clinical documents to a patient's record through the  button in the Single Patient View or the  in the *Action* column on the Ward Patient List.
