

# 24 Hour Triage Rapid Assessment and Access Toolkit for Children and Young People is Now Available in PPM+ (Telephone Triage)

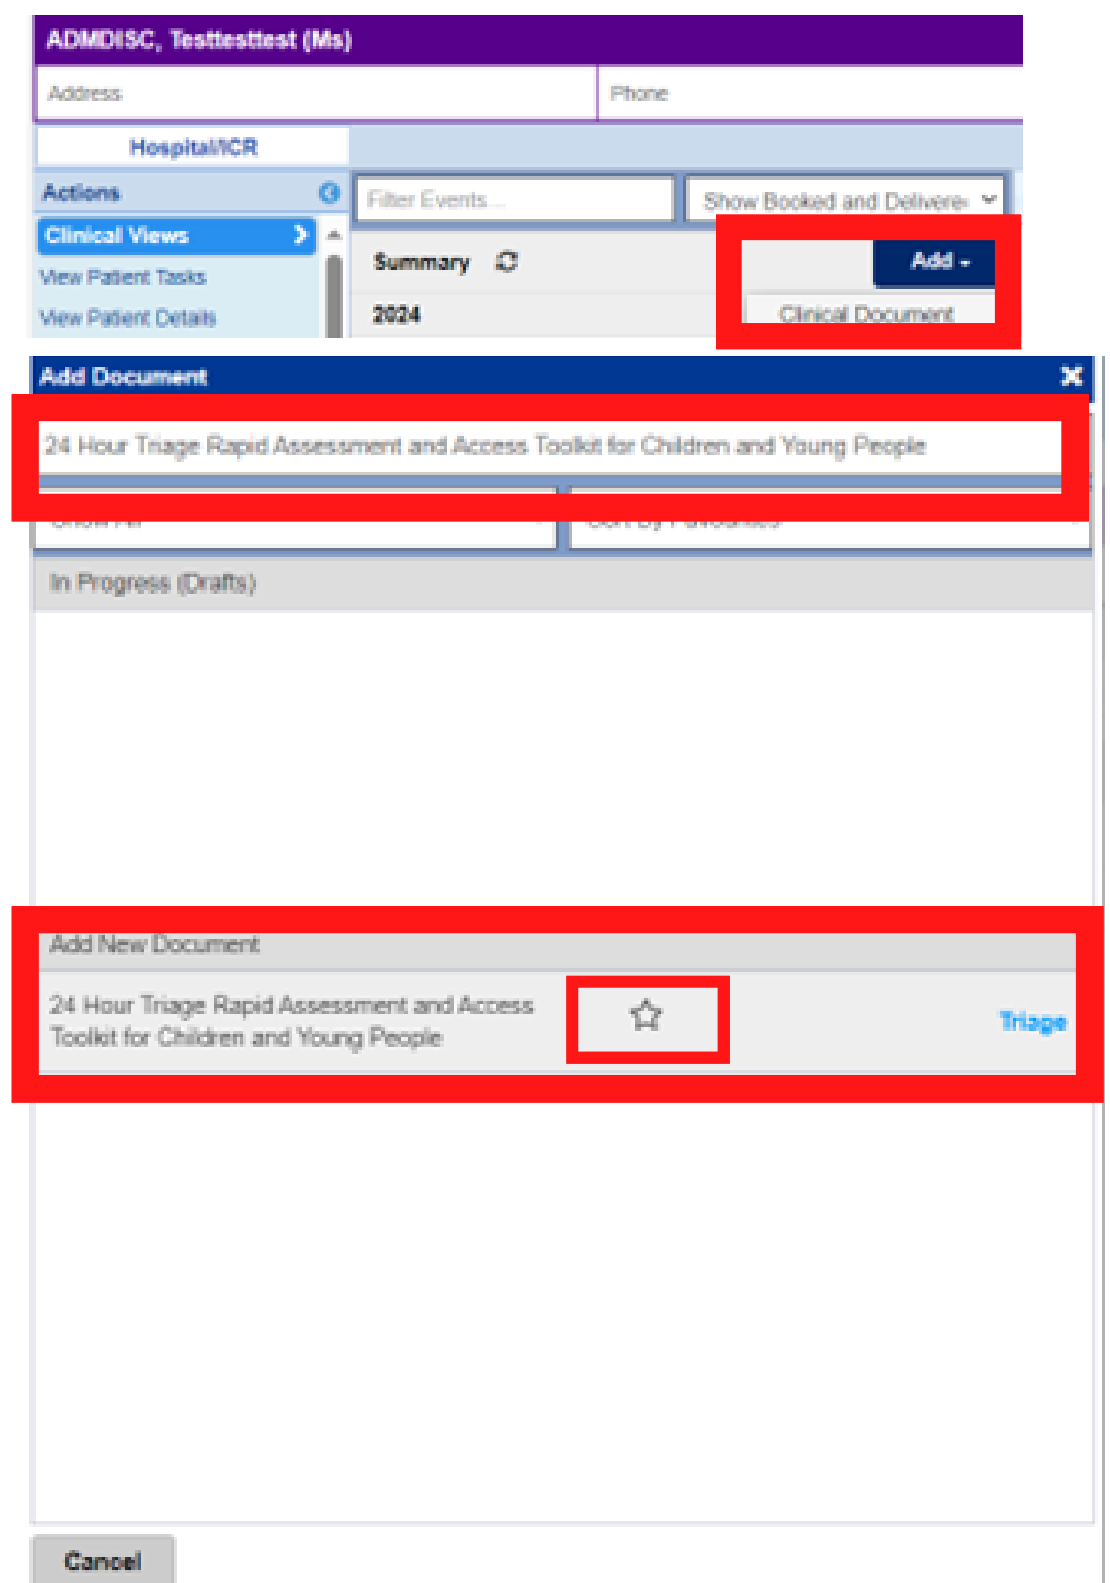

1

In the top search bar on the **PPM+ Home Page**, select **Patient** from the drop down and enter the patients **NHS Number**. This will then take you into the **Patient's Single Patient View**.

2

Once you have selected the patient, navigate to **Add** then **Clinical Document**, then search for the document by name

If you use this document frequently, you can mark it as a favourite by clicking on the **star**. The document will then appear in your list of favourite documents.

3

Select **Submit** once you have completed the eForm.

A screenshot of the 24 Hour Triage Rapid Assessment and Access Toolkit eForm. The form is for a patient named 'TEST, Edan P One (M)' with a birth date of '20-Aug-1995' and sex 'Male'. It features three sections for assessment: 'Constipation' and 'Other', each with 'Green', 'Amber', and 'Red' buttons. The 'Green' button for 'Constipation' is selected. Below these sections is an 'Other' text input field. At the bottom, there is a 'Result' section with an 'Assess' button highlighted in red. The 'Submit' button at the bottom right is also highlighted in red.
