

# Audit Timeline of Document Versions Now Live in PPM+

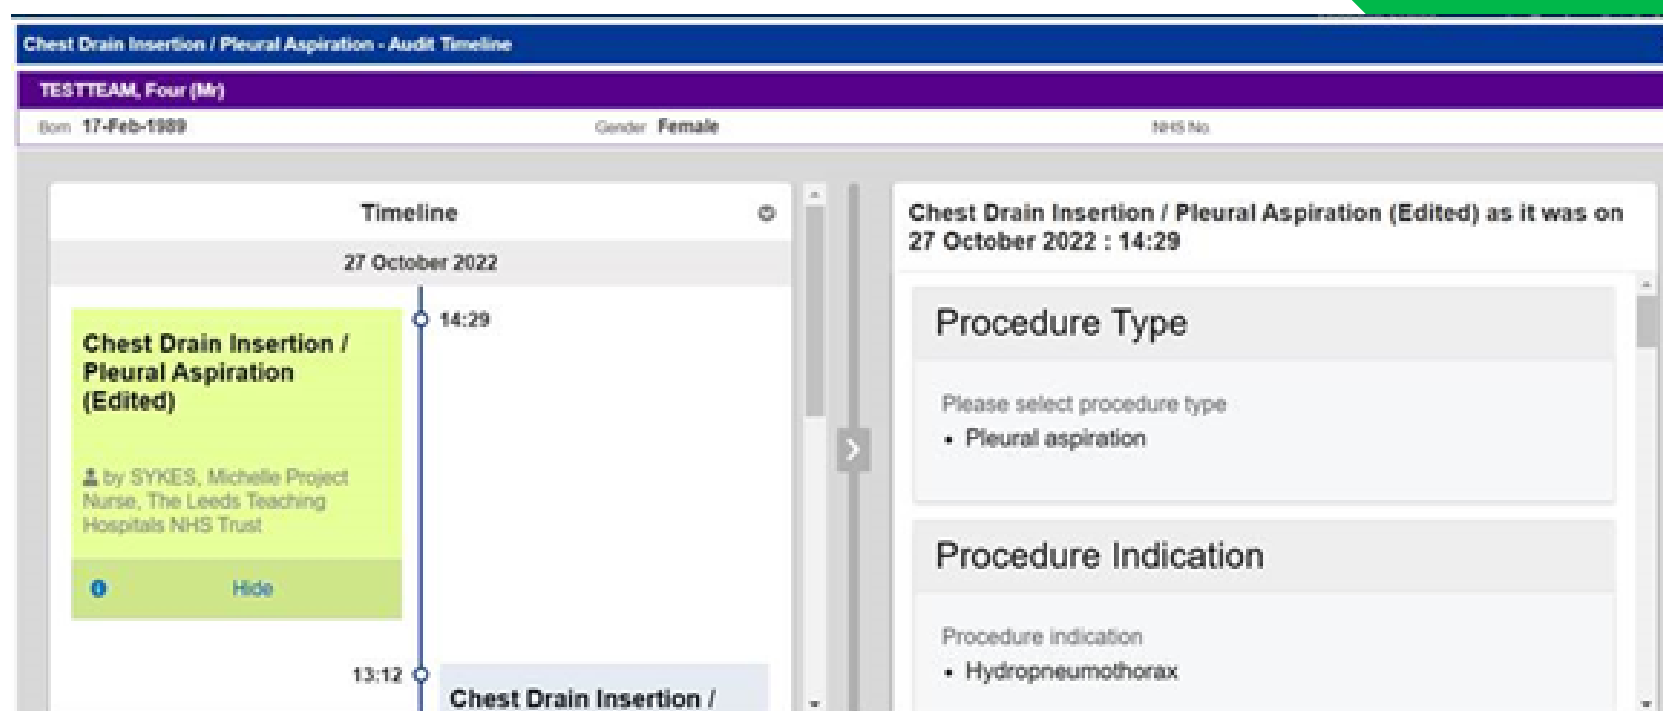

You can now view **Timelines For Versions of Documents** in **PPM+ Desktop** by selecting **Audit Timeline** in the required document via **Single Patient View**.

Selecting **View** enables you to view the version associated with that entry.

Please note, Draft documents do not appear on the the timeline.

You can also view document versions for Criteria led discharge and eDAN pathways from the PPM+ mobile app.
