

Mapping of Digital Adult Care Plans to Nursing Specialist Assessment (NSA) Domains						
Communication	Cognition and Mental Capacity	Mobility	Breathing	Hydration	Nutrition	Other
Craniotomy/Craniectomy/Cranioplasty	Anxiety	Activity Intolerance	ARDS (Acute Respiratory Distress Syndrome)	Acute Kidney Injury/Impairment	Bariatric Surgery	Acute Coronary Syndrome
Neurotoxicity	Coping Ineffective	Balance Impairment	Artificial Airway	Chronic Kidney Disease	Diarrhoea	Anaemia
Stroke Haemorrhagic	Craniotomy/Craniectomy/Cranioplasty	Coordination Impairment	Lung Surgery	Kidney Transplant	Nausea and Vomiting	Aortic Aneurysm/Dissection Repair
Stroke Ischaemic (Includes Transient Ischaemia)	Fear	Hip Fracture	Mechanical Ventilation Invasive			Appendectomy
Traumatic Brain Injury	Grieving	Hip Fracture Surgical Repair	Obstructive Sleep Apnoea Risk			Arrhythmia/Dysrhythmia
	Manic Behaviour Episode	Knee Arthroplasty	Pulmonary Hypertension			Breast Surgery
	Mental Health Comorbidity	Mobility Impairment				Cardiac Output Decreased
	Neurotoxicity	Multiple Sclerosis				Cardiac Rhythm Management Device
	Non-alliance	Multiple Trauma				Cardiovascular Surgery
	Post trauma Syndrome Risk or Actual	Muscle Strength Impairment				Chest Pain
	Powerlessness	Muscle Tone Impairment				Cholecystectomy
	Self-Concept Readiness for Enhanced	Orthopaedic Fracture				Craniotomy/Craniectomy/Cranioplasty
	Sensory Impairment	Range of Motion Impairment				Eye Surgery
	Social Isolation	Sensory Impairment				Fundoplication
	Suicide Risk	Spinal Cord Injury				Grieving
	Syncope	Spinal Surgery				Heart Failure
	Thought Process Alteration	Stroke Haemorrhagic				Heart Failure Comorbidity
	Traumatic Brain Injury	Stroke Ischaemic (Includes Transient Ischaemia)				Hip Fracture Surgical Repair
Elimination - Bladder	Elimination - Bowel	Hygiene	Skin condition	Infection Risk	Pain	Hospitalised Adult Patient
Radical Prostatectomy	Bowel Resection	Oncology Care: Oral Mucositis	Radiation External Beam	Fever	Chest Pain	Hypertension Acute
TURP (Transurethral Resection of the Prostate)	Colostomy	Self-Care Deficit		Fever with Neutropenia	Hospitalised Adult Patient	Hypertension Comorbidity
Urinary Incontinence	Constipation			Haemorrhagic Cystitis		Multiple Sclerosis
Urinary Retention	Diarrhoea			Infection		Multiple Trauma
UTI (Urinary Tract Infection)	Gastroenteritis			Sepsis/Septic Shock		Neurotoxicity
	Gastrointestinal Bleeding			Surgical Site Infection		Opioid Dependence or Withdrawal
	Ileostomy			Neutropenia		Post-sedation Recovery
	Intestinal (Bowel) Obstruction			Pancreatitis		Revascularisation
				Gastroenteritis		Sickle Cell Disease
				UTI (Urinary Tract Infection)		Stem Cell/Bone Marrow Transplant
Sleep	Advance Care Planning (ACP) / Uncertain Recovery / Palliative Care	Social Situation	Pastoral, Spiritual, Religious Care Needs	Smoking	Alcohol	Surgery Non-specified
Fatigue		Family Coping Readiness for Enhanced	Grieving		Alcohol Withdrawal	Syncope
Obstructive Sleep Apnoea Risk		Family Process Interrupted			Syncope	Thrombocytopenia
Sleep Disturbance		Hospitalised Adult Patient				Thrombolytic Therapy
		Violence Risk or Actual
