CWT TREATMENT eFORM

COMING SOON

Cancer Waiting Times treatment information in one eForm

ONE FORM. TWO ACCESS ROUTES.

Complete the CWT Treatment eForm in PPM+ or access it through PPM1.

PPM+
Create a new eForm

1. Patient Single Patient View: Add > Clinical Document.
2. Or use Multi Patient View for your Clinical Area.
3. Search 'Cancer Waiting Times Treatment', complete the eForm and select Submit.

Completed forms can be edited, audited or withdrawn.

PPM1
Access via the CWT Event

1. Open the relevant CWT Event > CWT Treatment tab.
2. Select Add New CWT Treatment, then Edit.
3. Complete the CWT Treatment eForm and select Submit.
4. If prompted the treatment is not in a Care Episode, select No - action required.

PLEASE NOTE

The Treatment dropdown will display all existing Treatment events, but creating a new treatment here in the CWT Event is limited to adding a new CWT Treatment eForm.

IMPORTANT

Withdrawing a linked CWT Treatment eForm also removes it from the CWT Event. A new CWT Treatment eForm will need to be linked.
