

Keep Your Contact Details up to date in PPM+

We're enhancing PPM+ to support future functionality, collaboration and data quality across Leeds Teaching Hospitals.

To make the most of upcoming enhancements, it's important that your contact details in your user profile are accurate and complete.

Action required of Qualified Professionals by 02 November 2026

By 02 November 2026, updating your contact details in your user profile will become mandatory. You will be unable to access PPM+ until your details have been reviewed and updated.

Please update your profile now to ensure continued access to PPM+.

Benefits of keeping your contact details in your user profile up to date

Support future functionality

Enable new and upcoming functionality within PPM+

Strengthen collaboration

Help colleagues connect across services and departments.

Improve data quality

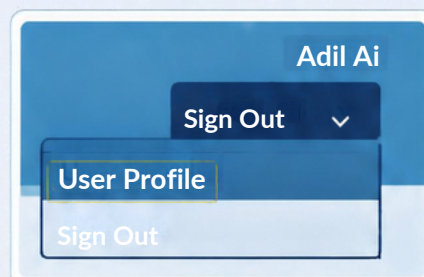

Maintain accurate, reliable contact information.
