Coming Soon - The Home Bolus Chemotherapy Team using the New Specialist Referrals Pathway in PPM+

The Leeds Teaching Hospitals NHS Trust

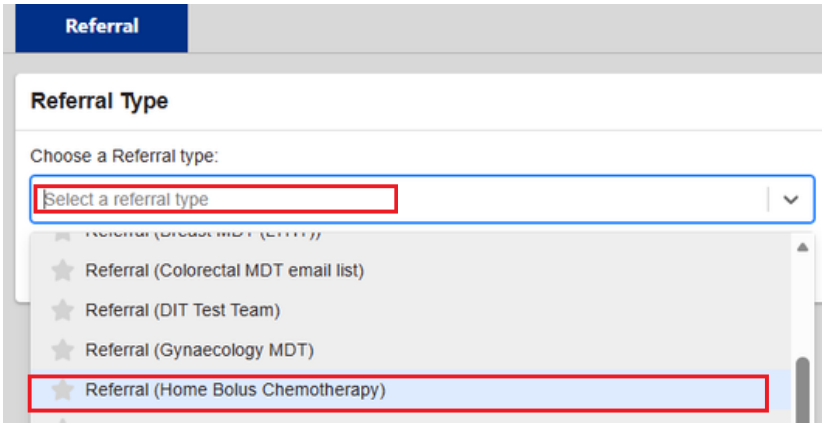

From 26th October 2026, the Specialist Referrals Pathway to the Home Bolus Chemotherapy team will be changing, and Specialist Referrals can no longer be submitted using the current Specialist Referrals Pathway. Please refer to the new Specialist Referrals User Guide for details of the new Specialist Referrals Pathway.

The new **Specialist Referrals Pathway** can be accessed via **eForms** in the **PPM+ Mobile app** or by using the **Add Clinical Document** function on the **desktop version** of **PPM+** as shown here.

Enter **Referral** in the search field and select the eForm. You can also save this to your favourites by clicking on the **star icon**.

Click within the **Select Referral Type** field and then click on **Specialist Referrals**. Next, click on the **Home Bolus Chemotherapy Team** for the site required for your patient. Finally, click on **Launch Form**.

Once you have completed the **Referral** accordingly, click on **Submit**.

Scan this QR Code for the New Specialist Referrals User Guide.
