

How to view a digital consent form on ppm+ (on desktop)

The screenshot shows the ppm+ interface for patient 'TESTTEAM, Nine (Mr)'. The left-hand navigation menu has 'Clinical Documents (144+)' highlighted with a red box. The main area displays a list of documents for the year 2026, with 'Consent Form' entries highlighted in blue. A red arrow points from the 'Consent Form' text in the list to the corresponding document in the next screenshot.

1 Search for the patient in ppm+.

2 Select the 'Clinical Documents' on the left-hand side of the ppm+ screen.

3 Select the consent form by clicking the blue 'Consent Form' text in the event list.

The description for the consent form will be ordered with the procedure name first, then the consent status (confirmed/consent given/revoked), then the responsible clinician and specialty.

4 Once selected, the consent form is displayed.
Confirmation status is indicated on the consent form.

The screenshot shows the 'Consent form 1' for 'DONOTUSE, Demothree'. The status is 'AWAITING CONFIRMATION OF CONSENT'. The last updated date is '3 Dec 2025 at 17:23 GMT'. The responsible clinician is 'H. [redacted]'. The consent information section lists the proposed procedure as 'Laparoscopic cholecystectomy'.

The screenshot shows the 'Consent form 1' for 'DONOTUSE, Demothree'. The status is 'CONSENT GIVEN AND SUBSEQUENTLY CONFIRMED'. The last updated date is 'Wed 18 Mar 2026 at 14:24 GMT'. The responsible clinician is 'H. [redacted]'. The consent information section lists the proposed procedure as 'Laparoscopic cholecystectomy'.

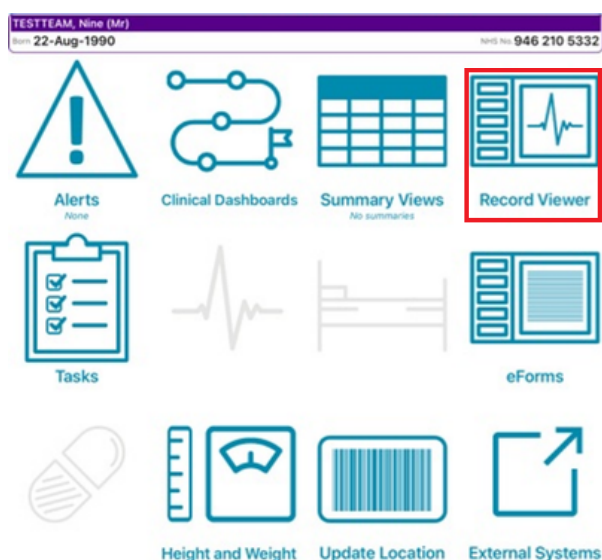

- Once a consent form is signed on Concentric (the digital consent system). There may be a delay of up to 10 minutes between the consent form being signed and uploaded on to ppm+ for viewing.
- If a consent form is updated on Concentric, the newest version will override the last form and the date will be amended on ppm+. There will only be one consent form entry per procedure/treatment on ppm+.
