

Enhanced Split View now available in ppm+

You can now **complete the eforms** present in the **Ward Round Dashboard** using the **Split View Screen**.

The screenshot shows the 'Ward Round' tab selected in the top navigation bar. The left pane displays the 'Ward Round Dashboard' with sections for Admissions, Clinical Notes, Diagnoses Relevant to current episode of care, and Problems & Diagnoses. The right pane shows the 'Clinical Note' form with fields for Author, Date of activity, Time of activity, and Profession. A warning message at the top of the right pane states: 'Please be aware, switching away from this form will cause any unsaved data to be lost.'

You can **work on multiple eforms simultaneously** and use the **arrows** to **move from one form to the other**. The **data will be automatically saved** when you **navigate in between the forms**.

The screenshot shows the 'Add a condition' form on the left with 'Asthma' entered. The right pane shows the 'Problems and Diagnoses' form with fields for Diagnosis / Condition, Diagnosis Date, and Diagnosis Stated By. A red box highlights the navigation arrows at the bottom of the right pane, which show '2 of 2' and a close button.

You can also **open different tabs** with the **forms in the split view** to **help with viewing further patient information**.

The screenshot shows the 'Lab Test Results' tab selected. The left pane displays a list of test categories: Haematology, Biochemistry, Tumour markers, Clotting, and Endocrinology. A red box highlights this list. The right pane shows the 'Problems and Diagnoses' form with fields for Diagnosis Date and Diagnosis Stated By. A red box highlights the navigation arrows at the bottom of the right pane, which show '2 of 2' and a close button.
