

Procedure Note Now Includes Neurosurgical Procedure Templates on ppm+

To complete one of the procedure note templates contained within the **Procedure Note Dashboard** go to **Add Clinical Document** via PPM+ Desktop or **eForms** via **PPM+ Mobile App** and select **Procedure Note**.

Select the **Neurosurgery** drop down within the **Procedure Template Selection** section and select the required **Neurosurgical Procedure Note Template**, then click on **Launch Form**.

Launch form

Complete the **Procedure Note**, ensuring that all fields are completed. Once you have completed the **Procedure Note**, click on **Submit**.

Please note - These forms may contain pre-populated data and default answers. Please ensure all sections have been reviewed and amended appropriately before submitting.

Summary	2024	Add
