

Patient History Dashboard now available in ppm+

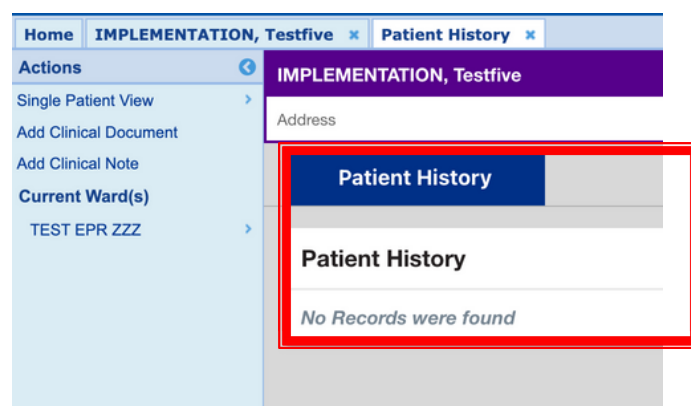

The **Patient History Clinical view** can be **accessed** via the **PPM+ Mobile App** and the **Desktop version of PPM+**.

You will need to **Click** on the **Patient History Clinical view** available on the **Left-Hand side** of the **Single Patient View**.

Upon clicking, the **Patient History Tab** will **Open** and you can then **View** the **Patient History records**.

You can also access the **Patient History Dashboard** by clicking on the **Patient History button** present on the **Right-Hand Side** of the **Single Patient View**.
