Single Patient View

This is the Electronic Health Record (EHR), also known as the Single Patient View (SPV) or the Patient Record.

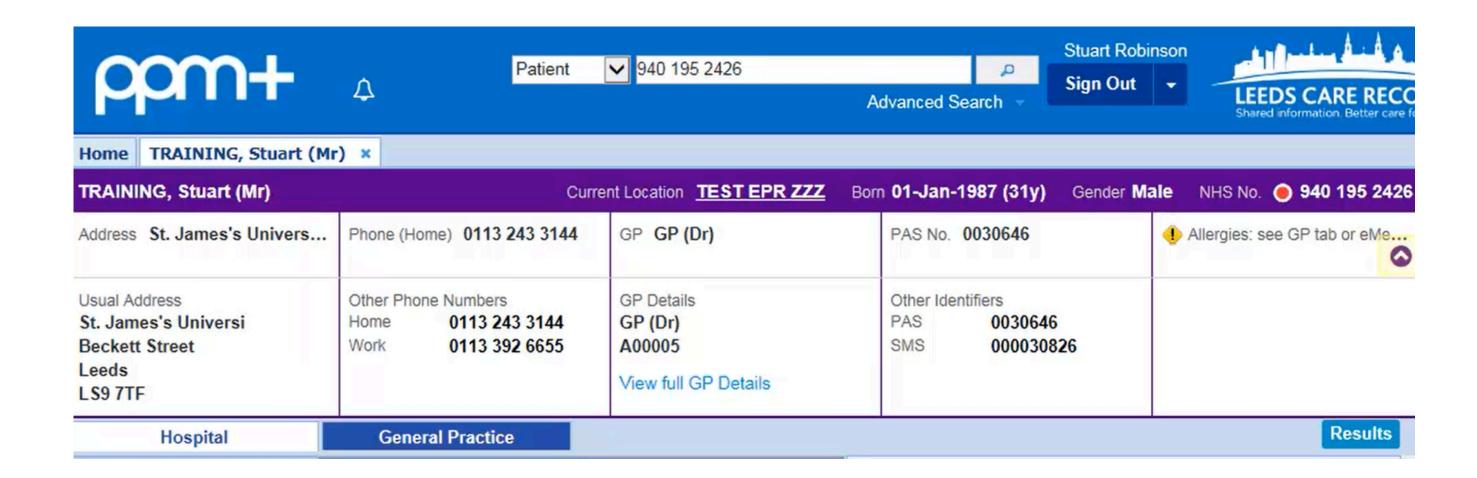

Demographics

The patients demographics are displayed at the top of the SPV- including Current Location.

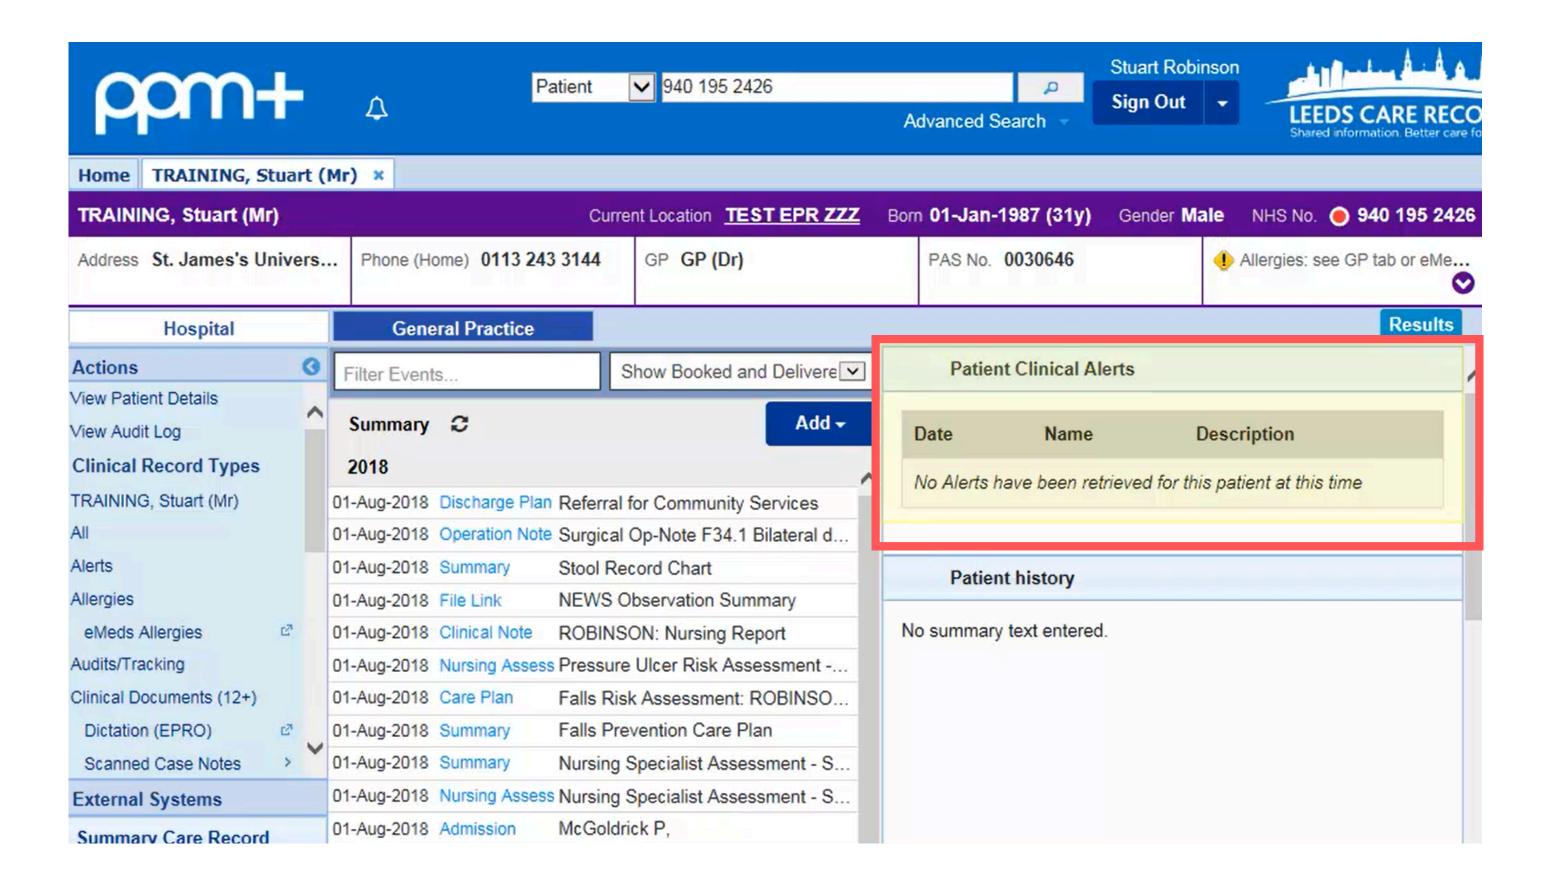

You can expand and collapse the demographics using the arrow in the top right.

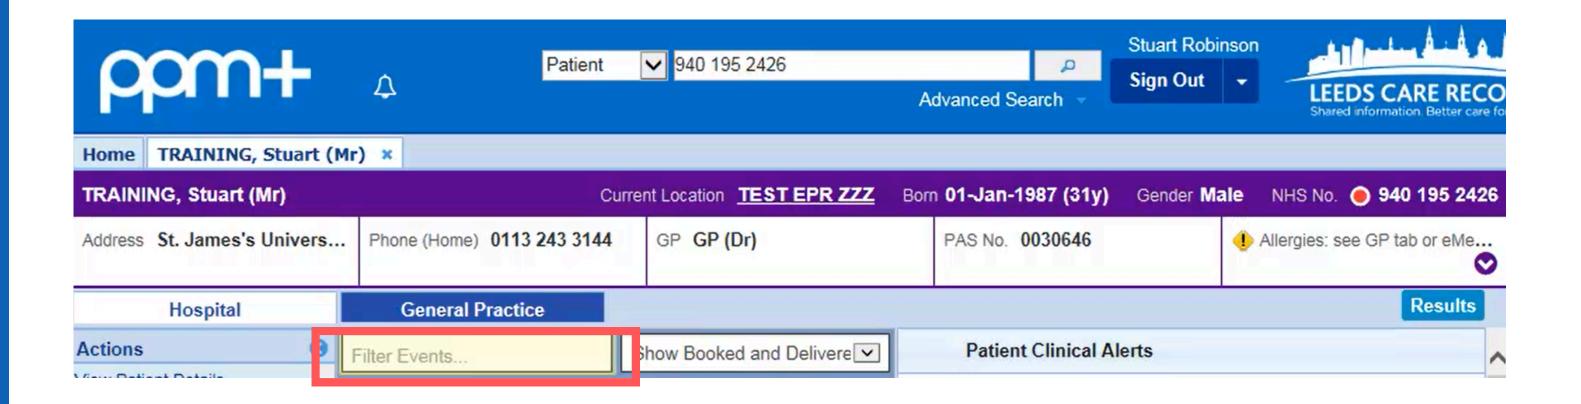

Alerts

Any clinical alerts recorded in the system will be displayed in the Patient Clinical Alerts section.

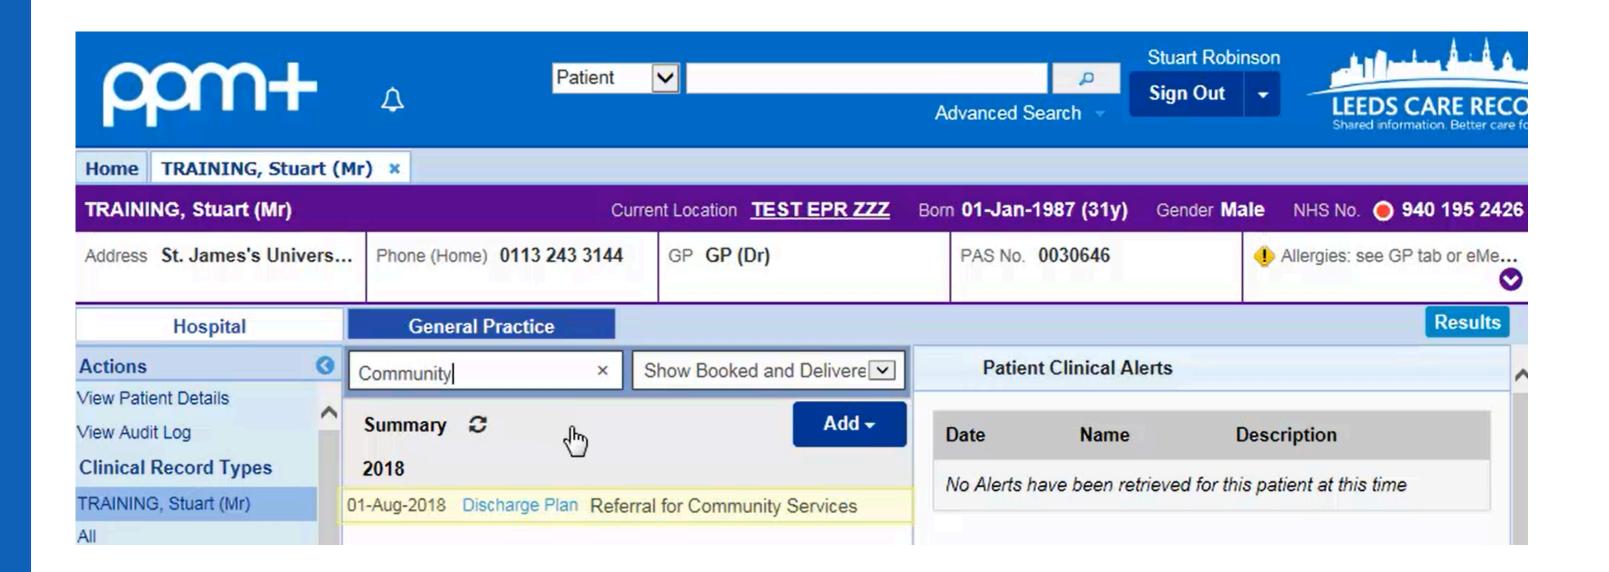

Filter Events

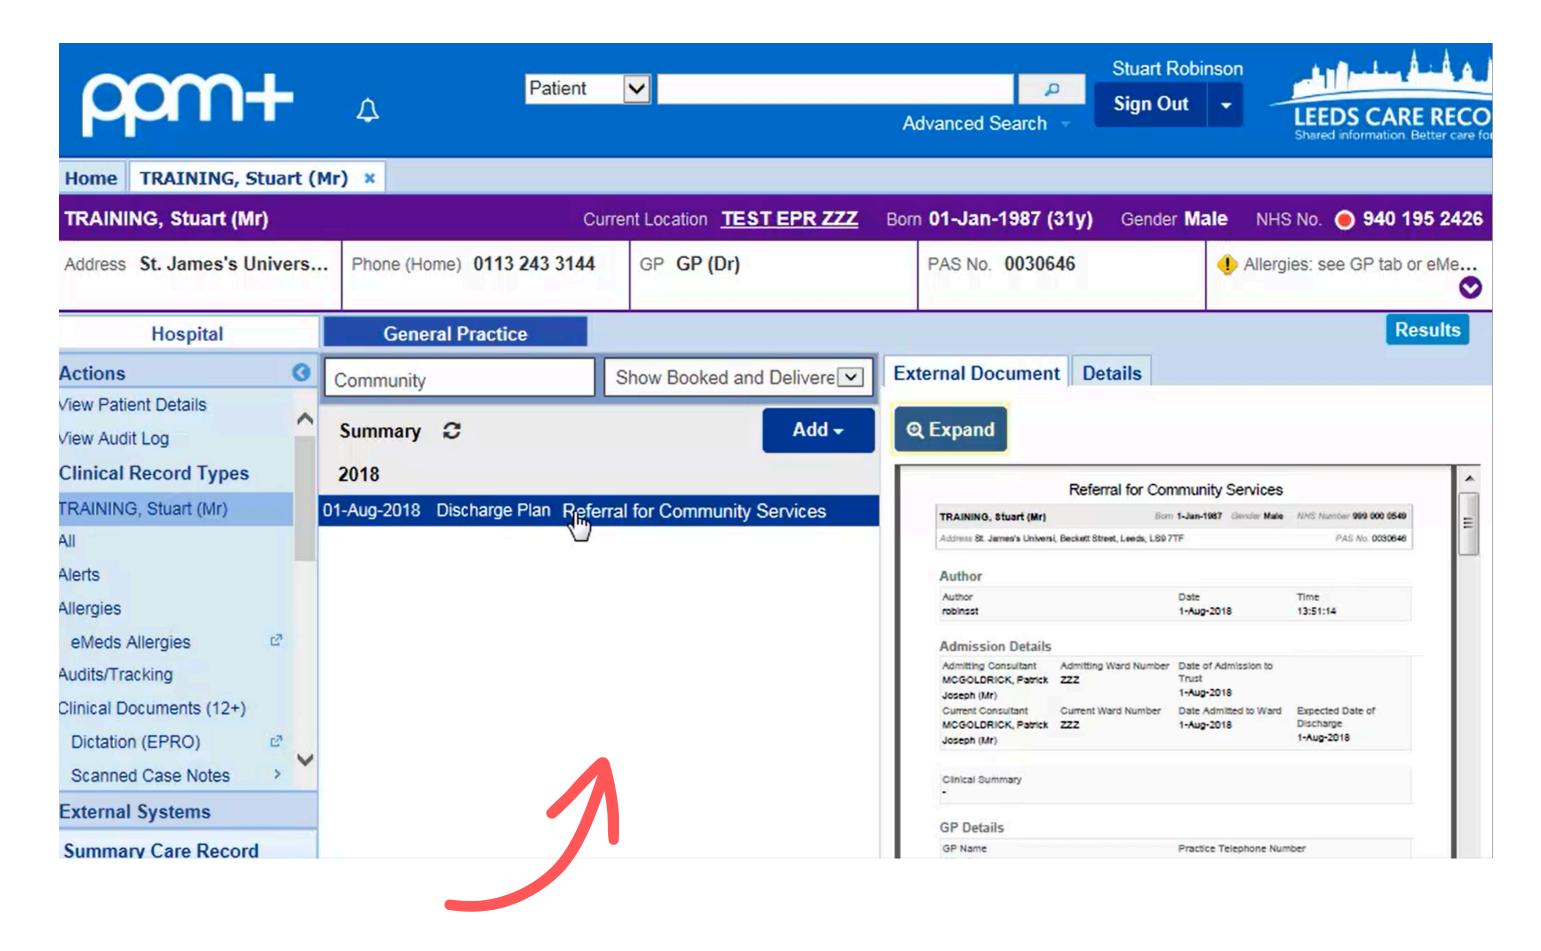

The best way to find information within the SPV is to use the Filter Events search box.

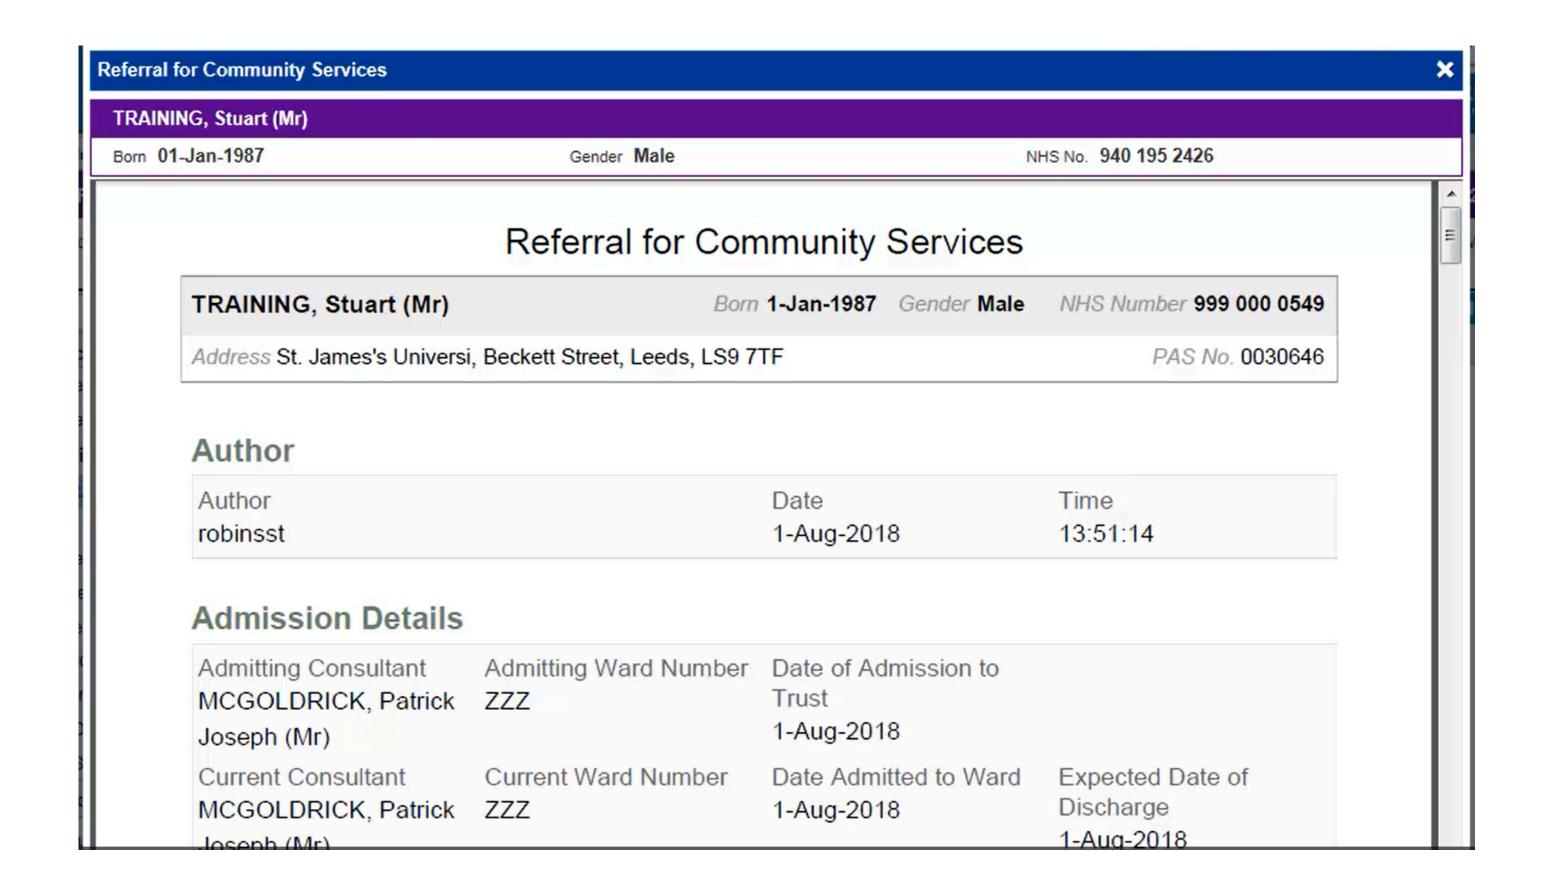

For example, you could search for a certain speciality, consultant, ward, result or nursing assessment.

Filter Events cont...

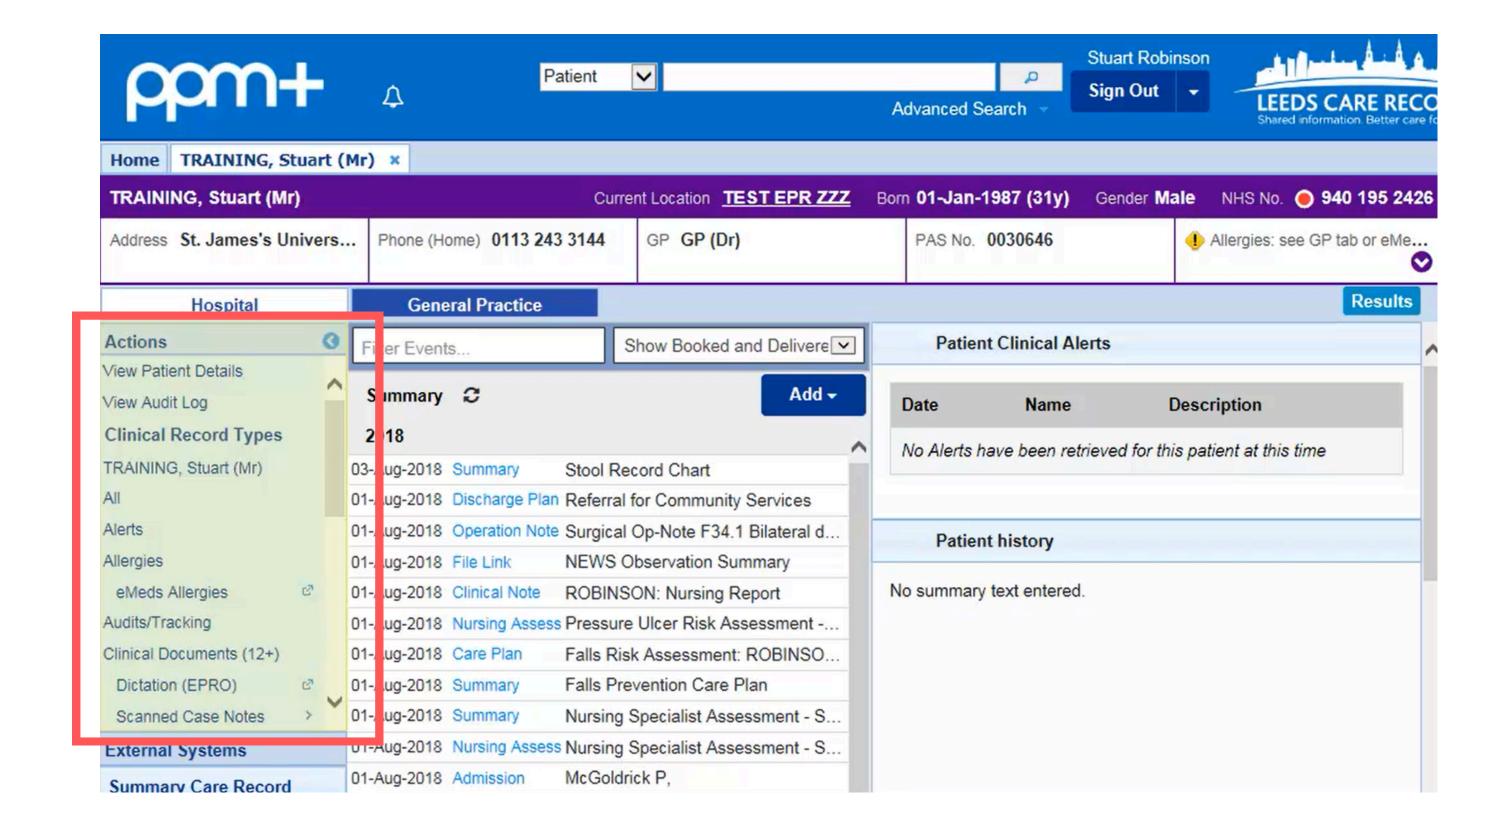

Select your desired event from the search results to view further details. For a larger view of the clinical event, select Expand.

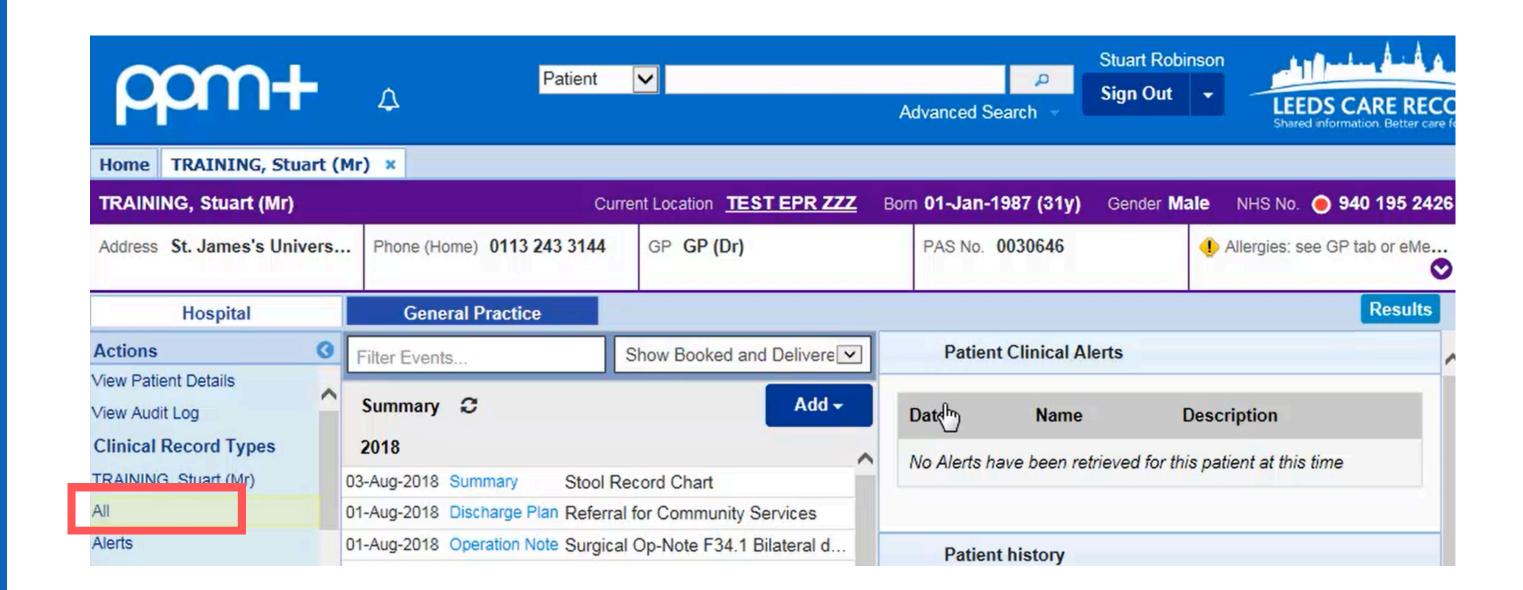

Actions

You can also use the Actions bar on the left to locate the clinical information you require.

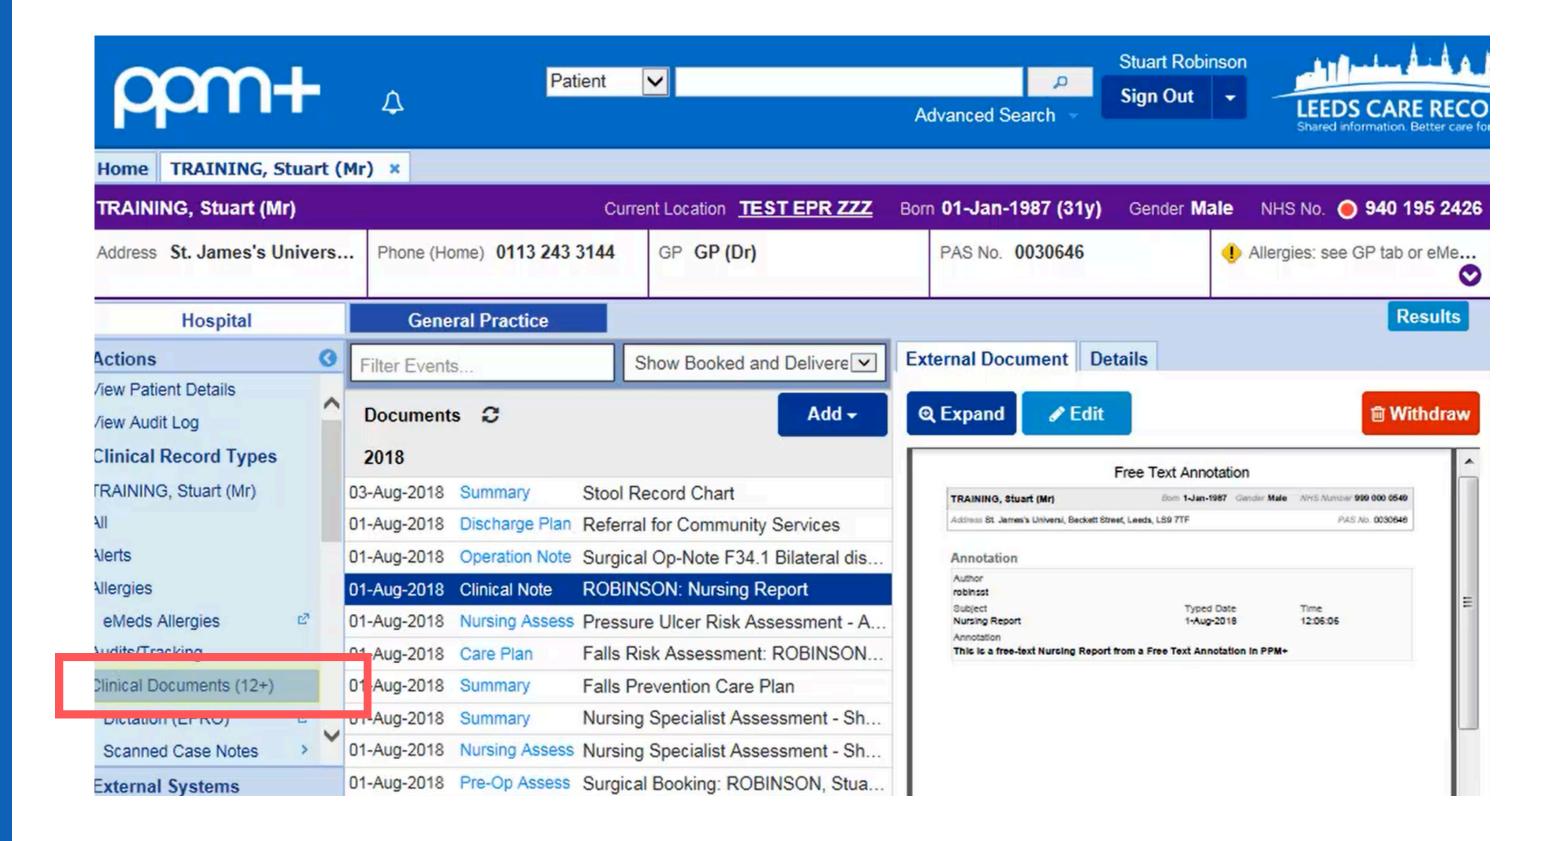

Select All to display all clinical events recorded in PPM+.

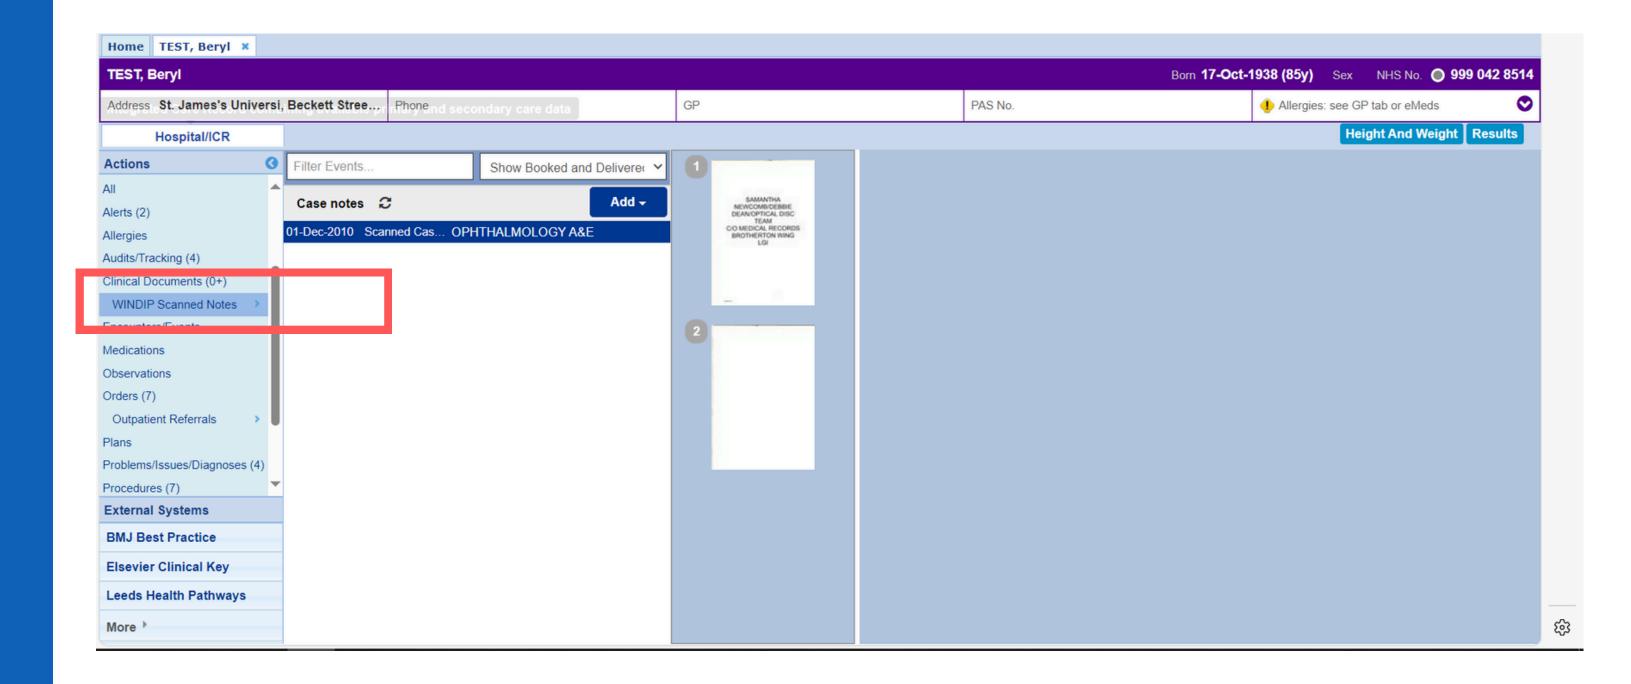

Clinical Documents

The Clinical Documents section will display nursing assessments, care plans, completed eDANs, free text annotations, clinical notes, Epro letters and more.

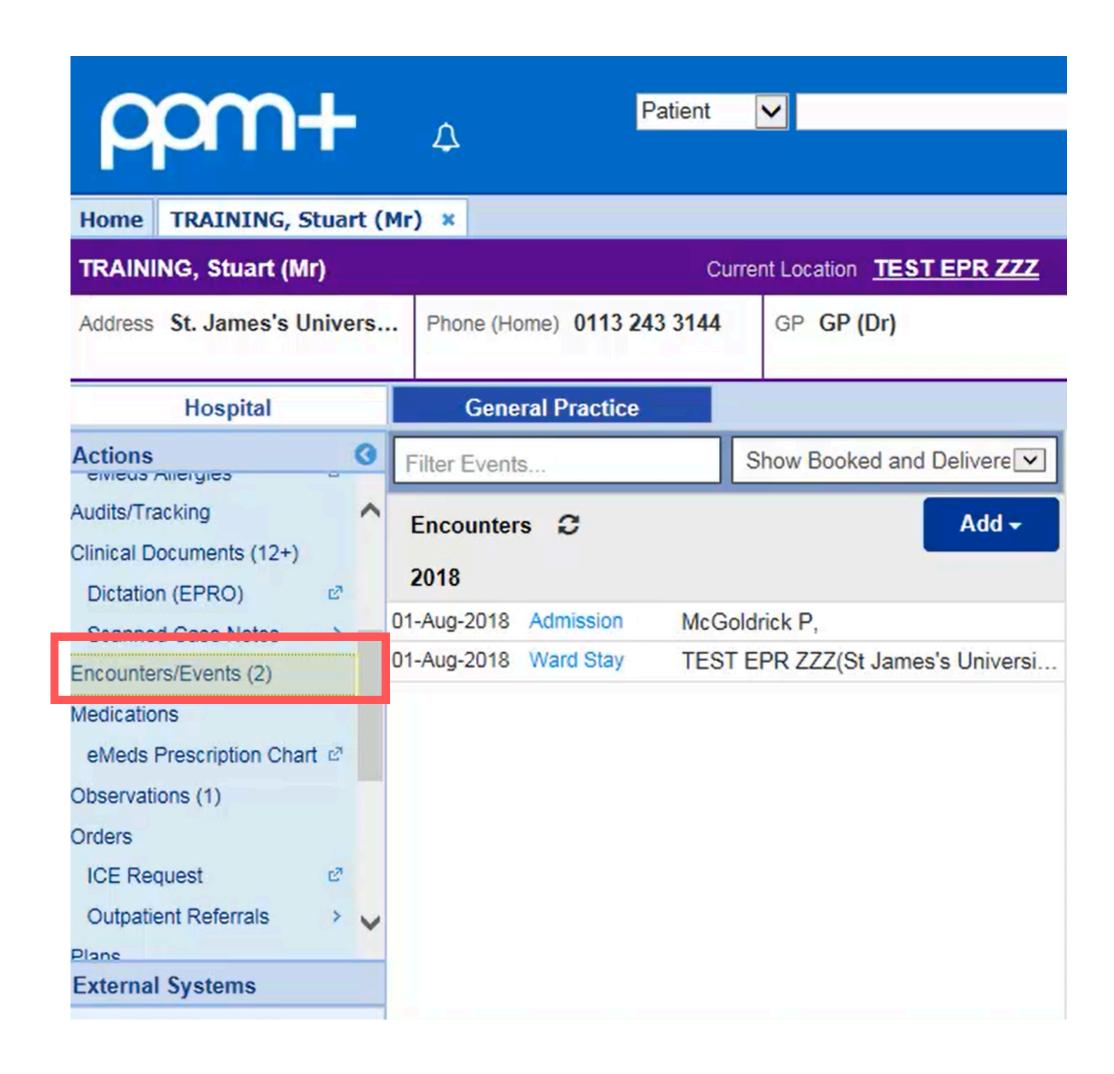

Scanned Notes

The WINDIP Scanned Notes section will show all LTHT case notes that have been scanned.

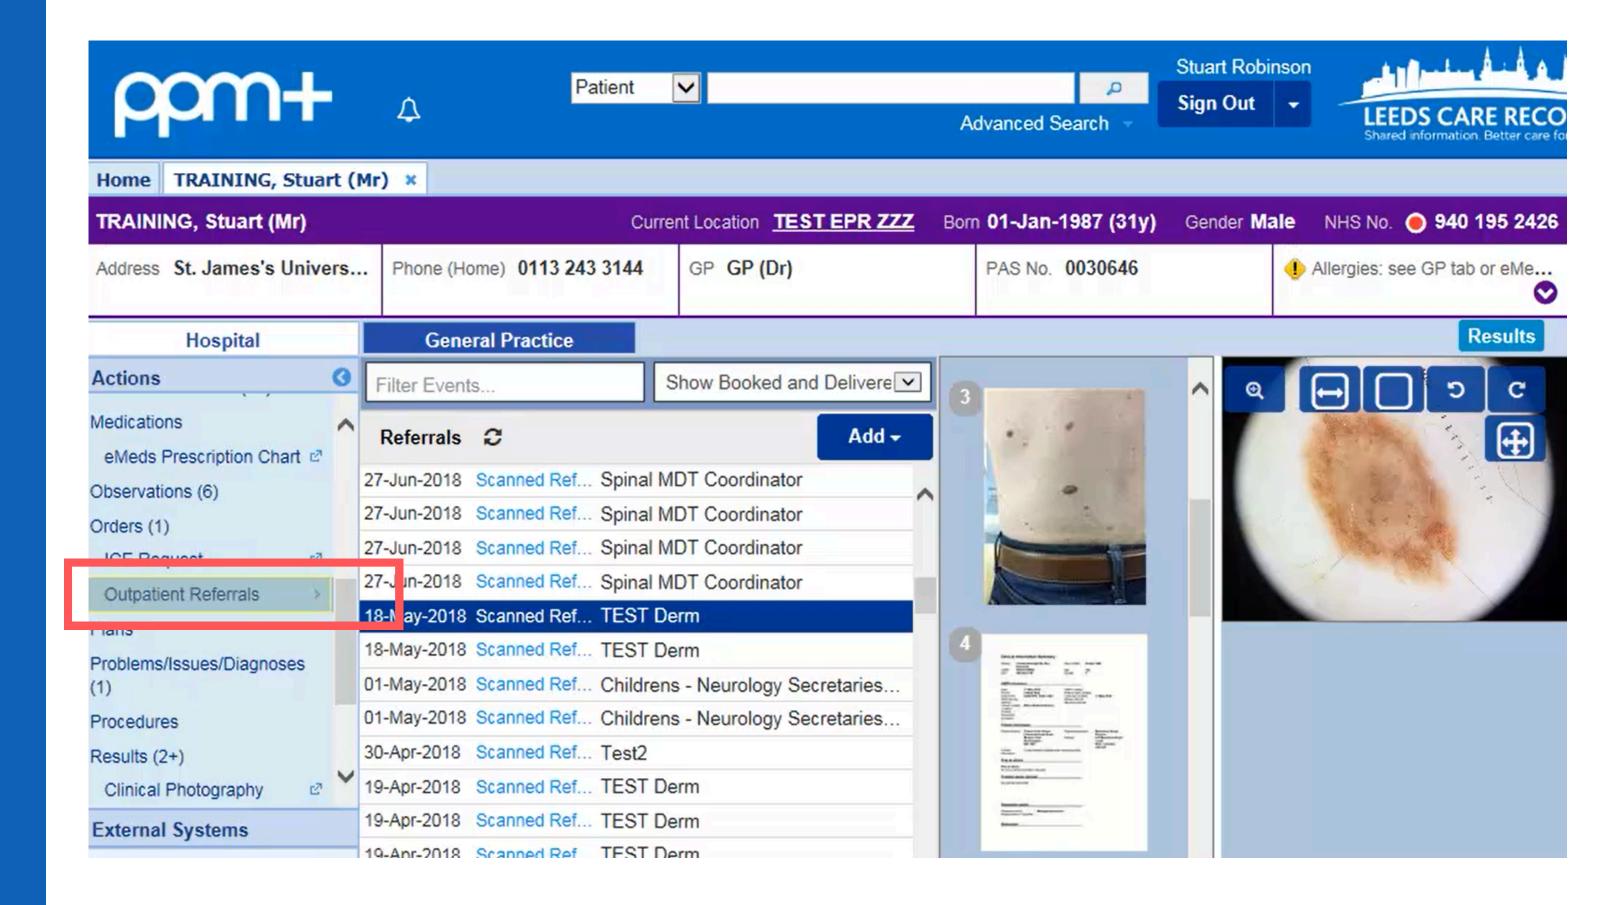

Encounters/Events

The Encounters/Events section will display the times the patient has been seen at LTHT. E.g. Admissions, ward stays, outpatients and ward attenders.

Outpatient Referrals

Select the Outpatient Referrals link to view Outpatient Referrals that have been scanned by the LTHT Referral and Booking service (RBS).

Useful contacts

Informatics Service Desk

If you are having problems with logging in or using PPM+, please contact the Informatics Service Desk for your organisation in the first instance.

If still experiencing issues please contact the LTHT Informatics Service Desk on informaticsservicedesk.lth@nhs.net or 0113 3926655.

For further information and helpful guides on using PPM+ please see the link to our PPM+ Help Site:
