

PPM+ Specialist Referrals: Redirecting Referrals

You can now Redirect Specialist Referrals

When reviewing a Specialist Referral, to redirect the referral, scroll down to the bottom of the Specialist Referrals eForm and click on Redirect.

*** Decision**

Accept Decline **Redirect**

Please note

Please choose a team in the 'Redirect to Team' field above or cancel and retry to change your selection

Next, scroll to the top of the eForm and search for the Specialist Referral team you wish to redirect the Specialist Referral to. Once selected, click on Submit at the bottom of the eForm. The referral will now be moved to the selected team's Specialist Referrals list.

If the team you want to redirect the referral to cannot be selected in the Redirect To field, they are not using Specialist Referrals in PPM+. In this case the referral should be declined and the team notified by email or telephone. Please see Declined process in the Specialist Referral [User Guide](#) and the [Declined Status Poster](#).
